The bundle consists of a dual scanner for the digitisation of ear impressions and a modelling software licence. The offer comprises everything you need for the 3D modelling of high-quality ear moulds. Profit from a system solution which allows you to design yourself 90% of all shapes, i.e. ITEs and BTEs, including casting moulds for soft ear moulds!

Nowhere else you will find an entry-level package of such a system at such a price! Get your free 30 day trial version of the Secret Ear Designer software NOW.
